## Twelve Undergraduate Research Projects from CDC Approved Under ICMR STS 2025 Program

In a significant boost to undergraduate research, twelve student research proposals from Christian Dental College (CDC), Ludhiana, have been accepted under the Indian Council of Medical Research (ICMR) Short-Term Studentship (STS) 2025 Program. Several of the selected projects, mentored by faculty from the Department of Prosthodontics, focus on clinically relevant innovations aimed at improving patient care. The selected students are: Gaurisha, Harsh Dhand, Levi, Rhythm, Rose Sansare, Shreya Ruth, Divya Singal, Simranpreet Kaur, Sona Rose Jaison, Amitaj Gill, Diksha, and Joann Anand.

This achievement reflects the college's growing emphasis on promoting research culture at the undergraduate level and its commitment to nurturing future dental researchers. The department congratulates the students and their mentors on this prestigious recognition.

### Dr. Mebin George Mathew Awarded Ph.D. in Pedodontics

CDC proudly congratulates Dr. Mebin George Mathew, faculty member in the Department of Pedodontics, on the successful completion of his Doctor of Philosophy (Ph.D.). Dr. Mebin's doctoral research focused on advancing knowledge in the field of pediatric dentistry, contributing valuable insights to both clinical practice and academic literature. His achievement stands as a reflection of his scholarly dedication and the research-oriented culture encouraged at CDC.

## Postgraduate Students Clear Part I of Indian Board of Prosthodontics Examination

Postgraduate residents Dr. Prathibha and Dr. Shivangi from the Department of Prosthodontics, Christian Dental College, have successfully cleared Part I of the Indian Board of Prosthodontics (IBP) certification examination. The IBP certification is a hallmark of clinical and academic excellence in prosthodontics and is awarded to candidates who demonstrate comprehensive knowledge and proficiency in the field.

Their success in this rigorous examination reflects not only personal dedication but also the strength of the department's postgraduate training program. The department applauds their achievement and extends best wishes as they prepare for Part II of the certification process.

## Dr. Samiksha Wadhwa Awarded Prestigious ITI Scholarship

Dr. Samiksha Wadhwa, an accomplished postgraduate alumnus of the Department of Prosthodontics, CDC, has been awarded the coveted International Team for Implantology (ITI) Scholarship. The ITI Scholarship is a globally competitive program that offers advanced clinical and research training in implant dentistry at renowned ITI centers worldwide.

Dr. Wadhwa's achievement stands as a testament to her clinical acumen, academic diligence, and the comprehensive training imparted at the institution.

## Eight Faculty Members from Christian Dental College Enroll for Ph.D. at Baba Farid University of Health Sciences

In a significant academic development, eight faculty members from Christian Dental College, Ludhiana, have successfully enrolled in the Doctor of Philosophy (Ph.D.) program under Baba Farid University of Health Sciences (BFUHS), Faridkot.

This collective academic advancement reflects the institution's strong emphasis on faculty development and its commitment to promoting a research-intensive environment. The enrolled faculty members represent a diverse range of dental specialties and are undertaking doctoral research in topics aimed at advancing evidence-based dental practice and public oral health.

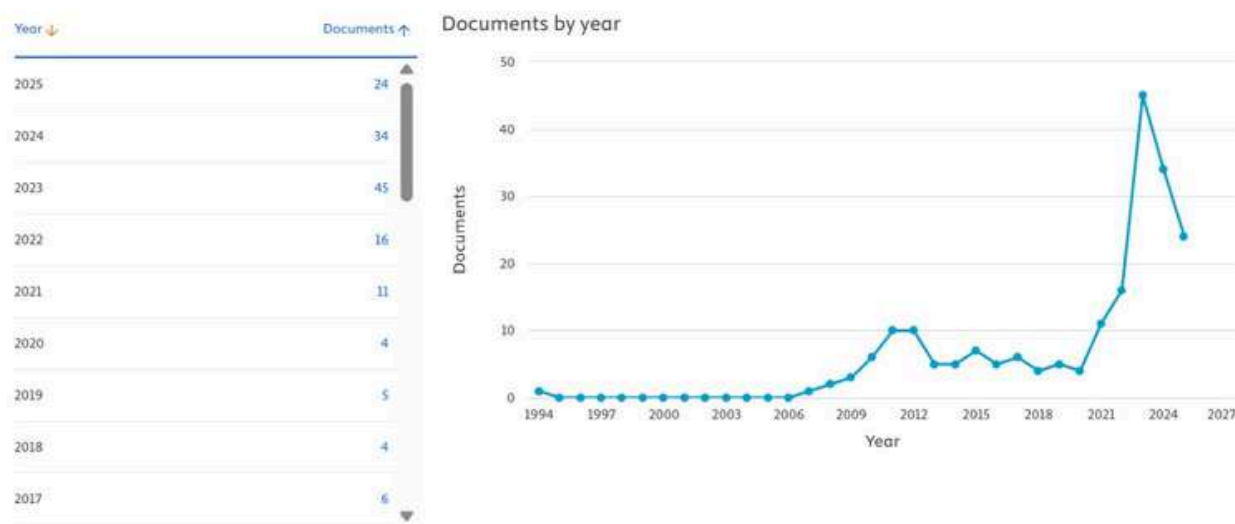

The management and academic leadership of the college extend their congratulations to the enrolled faculty (Dr. Angleena, Dr. Gauri, Dr. Bhushan, Dr. Sonal, Dr. Nirmal, Dr. Joe, Dr. Vinaya, Dr. Rohit) and look forward to the impactful contributions their research will bring to the scientific and clinical community.

## Workshop on Systematic Review & Meta-Analysis Held at CDC Ludhiana

Christian Dental College, Ludhiana, hosted a two-day workshop titled "Mastering Systematic Reviews & Meta-Analysis" on 14th–15th February 2025. The sessions were conducted by eminent experts Dr. Nitesh Tewari (AIIMS, New Delhi) and Dr. Mohammad Atif (AMU, Aligarh), focusing on practical training in research synthesis and publication.

# Christian Dental College Continues Upward Trajectory in Scopus-Indexed Publications

Christian Dental College (CDC), Ludhiana, continues to make impressive strides in research and academic publishing, as reflected in the latest Scopus data up to June 2025. With 24 publications already indexed in the first half of the year, CDC is on track to sustain its upward trend in scholarly output.

The data highlights a dramatic rise in the college's publication profile over recent years—growing from just 11 publications in 2021 to 45 in 2023, and maintaining strong momentum with 34 publications in 2024. This consistent performance underscores not just quantity but a commitment to high-impact, peer-reviewed research across departments.

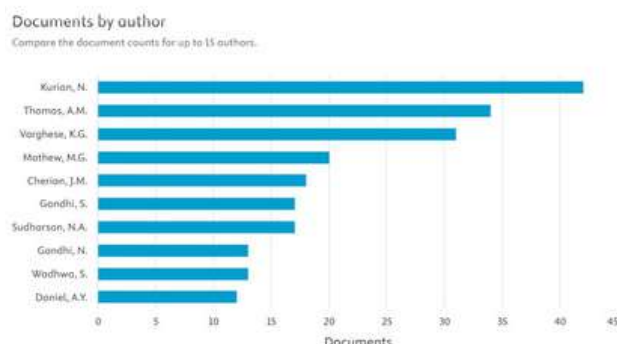

The surge in publications is credited to the institution's robust research environment, faculty development initiatives, active undergraduate and postgraduate involvement, and increased interdisciplinary collaborations. The leadership at CDC attributes this growth to its clear vision: fostering a culture where evidence-based clinical practice and innovation go hand in hand.

As the college continues to break new ground in research excellence, it stands poised as a regional and national leader in dental science contributions.

## Faculty from CDC Lead the Way in Research Publications – Scopus 2025 Update

Scopus data as of June 2025 highlights the strong and growing research output of faculty at Christian Dental College, Ludhiana. With a consistent rise in high-quality publications, CDC faculty have made significant contributions across various dental disciplines.

This upward trend reflects the college's commitment to a vibrant research culture, academic collaboration, and global publication standards. CDC continues to position itself as a leading institution for impactful dental research.
